Munshi Sports Academy

Age Group : 10 to 25 years

Besides academic education, sports should be given importance at school level because it contributes child's overall brain and physical development. Academic learning and sports education complement each other. The qualities of leadership, sharing team spirit, habit of obedience, tolerance and patience are learnt from sports. The power of reasoning and mental development comes from academic education. It also justifies the statement, "A Sound Mind in A Sound Body" therefore sports education should be introduced in schools and colleges with sincerity. In Bharuch district there is a great potentiality for sports, specially in cricket game among our youth and we have produced international cricketers like Rashid Patel, Munaf Patel and many more Ranji Players Firdosh Bhaja, Salim Veragi and Shoeb Sopariya.
